EDITO

Nous sommes heureux de vous proposer cette année un tarif entièrement revisité.

Facile d'utilisation, ce catalogue est organisé par gamme, puis par série avec une présentation identique pour chacune d'entre elles : une photo de la collection, puis toutes les déclinaisons des lavabos, douches, bains, lave-mains, WC, bidets, et accessoires.

En complément de notre gamme de robinetterie de salle de bains, vous trouverez également dans ce catalogue nos collections de robinetterie de cuisine et notre gamme de sanitaires.

Les Maîtres Robinetiers de France offrent maintenant une gamme de 31 finitions de métal, commune à toutes leurs marques : des plus traditionnelles — comme le chrome ou le nickel — aux plus originales — comme les patines ou le noir de bronze. Des finitions déclinées aussi en brillant, mat ou velours.

This year, we are pleased to offer you a completely revised pricelist.

Easy to use, this catalogue is organized by range, then by series with an identical layout for each of them: a photo of the collection and all the variations of washbasins, showers, baths, wash-hands, WC, bidets, and accessories.

In addition to our bathroom fittings range, you will also find in this catalog our kitchen fittings collections and our sanitary ware range.

The "Maîtres Robinetiers de France" now offer a range of 31 metal finishes, common to all their brands: from the most traditional – such as chrome or nickel – to the most original, such as patinas or black bronze. These finishes are also available in gloss, matt or velvet.

PARIS 1912

SALLES DE BAINS AUTHENTIQUES

Forte de son savoir-faire entièrement français, Margot fabrique depuis 1912 une robinetterie de qualité, alliant robustesse et simplicité.

De l'Art Déco, jusqu'aux styles d'aujourd'hui, l'histoire de l'architecture a guidé la création de chaque collection. Margot offre désormais des ensembles complets pour la salle de bains : robinetterie et accessoires, mais aussi un panel d'équipements sanitaires tel que des lavabos, vasques et baignoires.

Drawing on an all-French savoir-faire, Margot has been manufacturing high-quality fittings since 1912, marrying robustness and simplicity.

From Art Deco to contemporary styles, the history of architecture has inspired the creation of each new collection. Margot currently offers complete bathroom sets, including fittings and accessories, as well as a whole range of sanitary ware, such as washbasins, basins and bathtubs.

Les Maîtres Robinetiers de France sont reconnus Entreprise du Patrimoine Vivant par le gouvernement Français

The "Maîtres Robinetiers de France" are labelled "Entreprise du Patrimoine Vivant" by the French Government

1912

SÉRIE 1900

Le croisillon à cinq branches en forme de goutte d'eau est la signature de la collection SÉRIE 1900. Fabriqué dès le début du XXe siècle par Margot, il a équipé les villas de la station balnéaire de Mers-les-Bains.

The handle with five teardrop-shaped branches is the hallmark of the SÉRIE 1900 collection. Crafted in the early 20th century by Margot, this design adorned the villas of the Mers-les-Bains seaside resort.

1921

CIRCÉ

Les robinets CIRCÉ sont l'emblème des salles de bains de la première classe du paquebot Le Paris en 1921. Résolument moderne, et faisant appel au savoir-faire traditionnel de Margot, le modèle se décline aujourd'hui dans une gamme complète de robinetterie.

CIRCÉ taps are an icon of the first class bathrooms on the Le Paris cruise ship in 1921. This resolutely modern model inspired by Margot's traditional craftsmanship is currently offered in a complete range of faucets.

1924

THÉTIS

Réalisée pour l'Hôtel Hermitage situé au Touquet-Paris-Plage en 1924, la ligne THÉTIS réinvente la robinetterie de palace. Résultant d'un savant travail de décolletage, le dessin de cette série puise dans l'esthétique avant-gardiste de ce lieu emblématique des années folles.

Designed for the Hermitage Hotel located at Le Touquet-Paris-Plage in 1924, the THÉTIS collection redefines palace faucets. Born out of a skillful bar turning process, this collection draws on the avant-garde aesthetics of this symbolic space of the Roaring Twenties.

1927

WESTMINSTER

Inspiré par l'esthétique Art Déco, la robinetterie WESTMINSTER est une commande de l'hôtel du même nom, situé au Touquet-Paris-Plage, en 1927 pour ses premières salles de bains. Conçu autour d'un dessin stylisé, ce modèle prend le parti pris d'une esthétique épurée en échos au luxe discret de l'établissement.

Inspired by Art Déco aesthetics, WESTMINSTER faucets were originally ordered by the hotel of the same name, located at Le Touquet-Paris-Plage, in 1927 for its very first bathrooms. Designed in a stylish pattern, this model opts for refined aesthetics that mirror the hotel's understated luxury.

2012

ONYX

Pour célébrer ses 100 ans d'existence, Margot lance la série ONYX, une création dédiée aux salles de bains contemporaines. Le design de cette robinetterie répond, par l'équilibre de ses proportions, aux exigences des intérieurs d'aujourd'hui.

In celebration of its centenary, Margot released the ONYX series, a collection designed for the contemporary bathroom. With its symmetrically designed shapes, these faucets cater to the needs of the contemporary interior.

2017

INDUSTRY

Lancement de la série INDUSTRY en 2017, une collection fidèle à l'esthétique intemporelle de Margot.
Dessin minimaliste et rigueur des lignes, ce modèle reprend les codes du design industriel.

The INDUSTRY collection released in 2017 is a product that stays true to Margot's timeless aesthetics.
With minimalist design and clean lines, this model echoes the codes of industrial design.

CONSEILS D'ENTRETIEN

Les articles Margot ne nécessitent en principe aucun entretien spécifique, sauf bien entendu l'opération d'essuyage à l'aide d'un chiffon doux ou d'une peau de chamois, après utilisation.
Il faut toujours éviter de laisser sécher des gouttes d'eau sur le métal. Après l'évaporation, il restera en effet une marque provoquée par l'adhérence de microcristaux de sels minéraux contenus dans l'eau domestique et notamment du calcaire.

Traitées à temps, ces marques disparaitront par simple frottement à l'aide d'un chiffon doux imprégné d'eau, adouci par un produit ménager détartrant tel que du vinaigre blanc.

N'utilisez jamais de produit chimique corrosif ou abrasif car ils pourraient endommager la finition

CARE AND MAINTENANCE

Margot products do not require any specific cleaning apart from wiping with a soft cloth or a shammy after use.

However, please avoid allowing water droplets to dry on metal. Indeed, a stain would remain after drying because of the micro-crystals contained in the mineral salts in domestic water and lime scale in particular.

If caught early enough, those marks will disappear by simply rubbing with a moist soft cloth, softened by a household scale remover such as white vinegar.

Never use corrosive or abrasive chemicals as they may damage the product's finish.

Prise en charge de la garantie

Aucun retour de marchandises ne pourra être effectué sans l'accord préalable de Margot. Les envois doivent être faits par l'expéditeur en port payé et adressés à Margot. Les produits doivent être emballés de manière à ne causer aucun coup ou détérioration. À réception, les produits seront expertisés.

• Si le défaut est imputable à Margot, le produit sera soit réparé soit remplacé.

• Si le défaut n'est pas imputable à Margot, un rapport d'expertise sera rédigé ; le produit pourra alors être remplacé aux frais de l'expéditeur après acceptation. Les frais de dépose et de repose ne sont pas couverts par la garantie.

Warranty terms

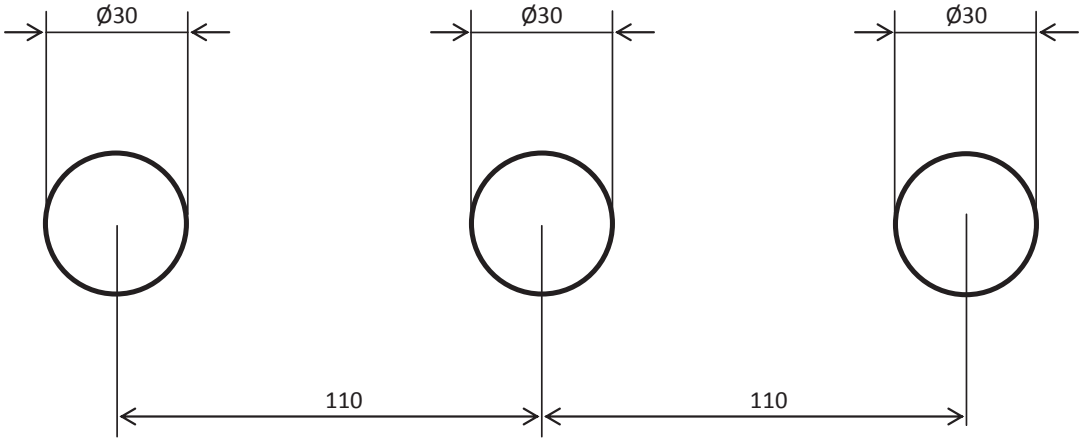

No return of goods may be made without the prior agreement of Margot. Shipments must be made by the sender, prepaid and addressed to Margot. Products must be carefully packed so that they do not cause any damage. Upon receipt, products will be appraised.

• If the defect is attributable to Margot, the product will either be repaired or replaced.

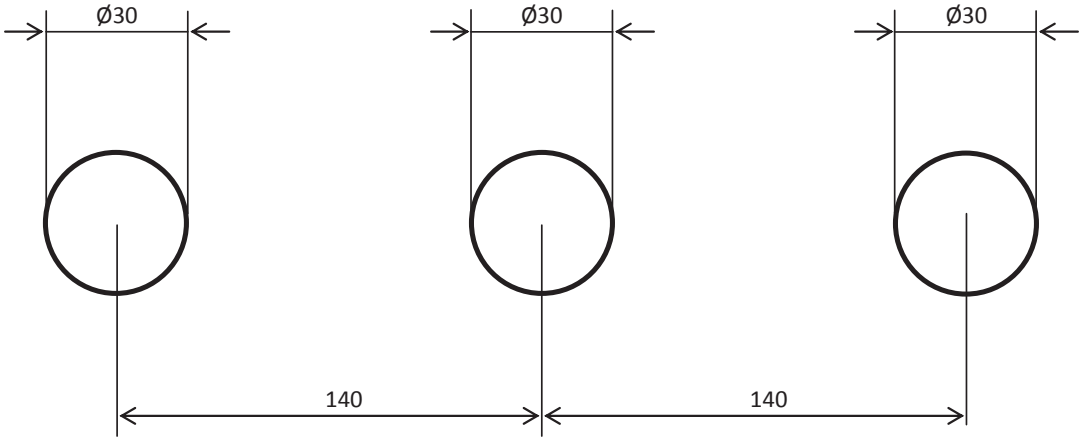

• If the defect is not attributable to Margot, an expert report will be made. The product could be repaired or replaced at the sender's expense upon approval. The warranty does not cover dismantling and refitting costs.

Les finitions indiquées d'un astérisque (*) dans notre nuancier ne sont pas garanties. Les pièces d'usure (cartouches, têtes céramiques et cartouches thermostatiques, etc.) sont garanties un an. Les baignoires en fonte émaillée et sanitaires en céramiques sont garantis 5 ans. Les piètements et consoles métalliques sont soumis à la même garantie que la robinetterie.
La garantie couvre les défauts de matière ou de vice de fabrication à condition que nos produits aient été installés selon les règles de l'art et conformément à nos instructions de montage. Dans ces cas, après notre accord écrit, les produits seront retournés franco à notre usine. Cette garantie ne jouera pas en cas de réparation effectuée sans notre accord ou par une personne non agréée par nous. L'usure normale et les dommages occasionnés sont exclus de la garantie. Au titre de la garantie, nous assurons à notre convenance gratuitement la réparation ou l'échange des produits défectueux. Les frais de dépose et de repose ne sont pas couverts par la garantie. Sauf conditions particulières écrites, nos factures sont payables par virement ou par chèque avant livraison. Il n'est pas prévu d'escompte pour paiement comptant. Toute facture devra être réglée à la date indiquée au recto de celle-ci. Son règlement postérieur donnera lieu au versement d'une pénalité de trois fois le taux d'intérêt légal. En sus, en cas de non-paiement d'une facture à son échéance, les frais de recouvrement seront facturés avec un minimum de 40€. En cas de non-paiement, nous pourrons résilier la vente de plein droit et sans sommation par l'envoi d'une lettre recommandée. Le non-paiement d'une seule facture à son échéance rend exigible de plein droit le solde dû sur toutes les autres factures. Lorsque le crédit de l'acheteur se détériore, nous nous réservons le droit, même après expédition ou exécution partielle d'une commande, d'exiger de l'acheteur les garanties que nous jugeons convenables en vue de la bonne exécution des engagements pris.
VII - TRANSFERT DE PROPRIÉTÉ
Nous nous réservons la propriété des marchandises jusqu'au complet paiement du prix. Les risques sont à la charge de l'acheteur. Les acomptes pourront être conservés pour couvrir les pertes éventuelles à la revente. Toute défaillance de l'acheteur dans l'exécution des conditions de paiement, d'une ou plusieurs factures convenues avec nous emportera résolution de la vente, et nous conférera le droit à la revendication des biens objets de la vente incriminée. En cas de prorogation de traite, les frais et intérêts résultant de cette prorogation seront à la charge de l'acheteur.
VIII - LIVRAISON - TRANSPORT - RÉCEPTION
Toutes les livraisons s'effectuent depuis nos usines de Château-Landon ou d'Abbeville.
La date de livraison n'est pas garantie. Les prix s'entendent franco de port et d'emballage pour la France Métropolitaine, hors messageries express, pour toute commande supérieure à 200€ net HT. En deçà, un forfait transport de 15€ net HT est à ajouter.
Un forfait transport spécifique est appliqué pour nos sanitaires expédiés sur palette. Pour la France Métropolitaine, la Belgique et le Luxembourg, les tarifs sont indiqués dans la partie « Sanitaires » de notre tarif. Pour les autres pays, nous consulter.
Le retard dans les délais de livraison ne peut donner lieu à indemnité ou annulation de la commande.
Les marchandises voyagent aux risques et périls du destinataire à qui il appartient en cas d'avaries ou de manquant, de faire toutes réserves au livreur par écrit, sur le récépissé, et d'en aviser le transporteur, seul responsable, par lettre recommandée dans les 48 heures suivant la réception.
Les réclamations concernant la qualité de la marchandise, à l'exclusion de tout litige de transport, devront être formulées par écrit sous 48 heures à date de la réception de la marchandise. Aucun retour de marchandise ne pourra être effectué sans notre consentement écrit, ce consentement n'impliquant aucune reconnaissance de défaut de notre part. Les pièces doivent impérativement nous être retournées dans l'emballage d'origine.
En cas de pièce manquante, nous n'accepterons pas de réclamations au-delà de 48 heures par rapport à la date de réception.
IX - RÉCLAMATIONS - CONTENTIEUX - TRIBUNAUX
Toutes les réclamations concernant les Maîtres Robinetiers de France doivent nous être adressées par écrit, sous 48 heures à date de la réception de la marchandise.
Tout contentieux sera tranché selon la loi applicable et par les tribunaux territorialement compétents au siège social des Maîtres Robinetiers de France (Paris) ; ceux-ci seront seuls compétents même en cas d'appel en garantie des Maîtres Robinetiers de France.
X - RÈGLES DE SAV
La robinetterie doit être installée, par des professionnels, dans « les règles de l'art » spécifiques à la robinetterie haut de gamme.
Nous attirons l'attention de l'installateur sur la qualité de la robinetterie et en particulier des finitions haut de gamme. Nous recommandons donc l'utilisation d'outils adaptés (en particulier équipés d'embouts synthétiques).
En cas d'incident :
Si un défaut mineur est constaté, il est de la responsabilité de l'installateur de régler le problème (changement d'un joint, d'une cartouche, etc.).
Si nous donnons notre accord pour remplacer une robinetterie ou un élément de robinetterie, l'installateur aura en charge les travaux d'installation sans pouvoir exiger une quelconque rémunération supplémentaire.
Ces services rendus sont la contrepartie du pourcentage de marge accordé à l'installateur.
XI - TEINTES
Les teintes du nuancier ne sont présentées qu'à titre indicatif, car l'imprimerie ne permet pas de restituer fidèlement l'écart des couleurs originales.
Nous invitons le client à valider la teinte par rapport aux nouveaux nuanciers des Maîtres Robinetiers de France disponibles chez nos revendeurs.
Dans un souci permanent d'amélioration technique et esthétique de ses produits, le fabricant se réserve le droit d'y apporter sans préavis toutes modifications qu'il aura jugées utiles. Photographies, illustrations et prix sont donnés à titre indicatif et peuvent être modifiés sans préavis. Malgré tout le soin apporté à sa réalisation, ce catalogue/tarif ne peut constituer un document contractuel.
XII - REPRISE DE MATÉRIEL
La reprise de robinetterie n'est pas la règle.
Un éventuel geste commercial peut être envisagé pour une robinetterie standard dans une finition chrome ou nickel. Une décote minimum de 15% sera systématiquement appliquée. La robinetterie devra être dans un état parfait et dans l'emballage d'origine. Nous n'accepterons pas de retour direct à l'usine. Le commercial ou représentant de notre société aura la responsabilité de vérifier l'état de la robinetterie, de valider la reprise et d'assurer le retour en usine.

In case of non-payment, we shall be entitled to terminate the sale by operation of law and without prior notice, by registered letter. Non-payment of a single invoice on its due date shall automatically trigger the obligation to pay any outstanding balance on all other invoices. Where a buyer's creditworthiness declines, including after dispatch or partial delivery of an order, we reserve the right to demand the buyer to provide the warranties we shall deem appropriate for the proper fulfilment of the commitments made.
VII - TRANSFER OF OWNERSHIP

Delays in delivery shall not be grounds for any compensation or cancellation of the order.
Goods shall be transported at the risk of the recipient, who shall be responsible for making any reservations in writing to the carrier upon receipt in case of damage or shortage, and for notifying, by registered letter within 48 hours of receipt, the carrier who shall be solely responsible for the carriage thereof.
Any complaints on the quality of goods, excluding any carriage-related dispute, must be made in writing within 48 hours upon receipt of the goods. No goods shall be returned without our written consent, which consent shall not imply any recognition of default on our part. The parts must be returned to us in the original packaging.
In case a part is missing, we shall not accept any claims 48 hours after the date of receipt of returned items.
IX - CLAIMS - DISPUTES - COMPETENT COURT
Any complaints regarding Maîtres Robinetiers de France must be notified to us in writing within 48 hours of the date of receipt of the goods.

The fitter's attention is hereby drawn to the high quality of the faucets, particularly their premium-quality finishing. It is therefore recommended to use proper tools (especially those with synthetic tips).
In case of an incident:
Where a minor defect is found, it is the fitter's responsibility to fix the problem (change a seal, cartridge, etc.).
Should we agree to replace a faucet or an accessory thereof, the fitter shall be responsible for fitting them without charging any additional payment.
Such services shall be considered as quid pro quo (trade-off) for the profit percentage awarded to the fitter.
XI - COLOUR SHADES
The colour shades on the colour chart shall be presented as a rough guide only, as printing does not accurately reproduce the whole range of original colours.
The customer is hereby requested to confirm the colour against Maîtres Robinetiers de France's new colour charts available with our dealers.
In its unswerving quest to enhance the technical and aesthetic qualities of its products, the manufacturer reserves the right to make any changes it deems necessary without prior notice. Photographs, illustrations and prices shall be stated as rough guides only and can be changed without notice. Despite all the due care taken in its production, this catalogue/price list shall not be construed as a contractual document.
XII - RETURN OF PRODUCTS
Accepting returned faucets shall not be the rule.
A special commercial gesture may be considered for a standard faucet in chrome or nickel finish. A minimum discount of 15% shall be systematically applied. The faucets must be in perfect condition and in their original packaging. We shall not accept products returned directly to the factory. Our sales representative shall be responsible for checking the condition of the faucet, approving its return and confirming that it is actually returned to the factory.
